 - Further explanations on topics covered in class
 - Extra practice exercises
- 2 Students can conveniently post questions or ask for further clarification on course material when doing their homework in residence or at home.
- 3 Subject Teachers on duty at selected times are able answer questions immediately.

Three Total Care Education characteristics makes it uniquely ASEP-balanced

1 Pursue Learning Beyond Academics & Exams

We implement innovative and interactive teaching styles in the classroom to develop students' skills in:

- Critical thinking
- Creative thinking
- Research and inquiry
- Organization and presentation
- Teamwork

We believe that learning should not be restricted to the classroom. Our education involves:

- Field trips and workshops
- Sports, clubs and student leadership positions

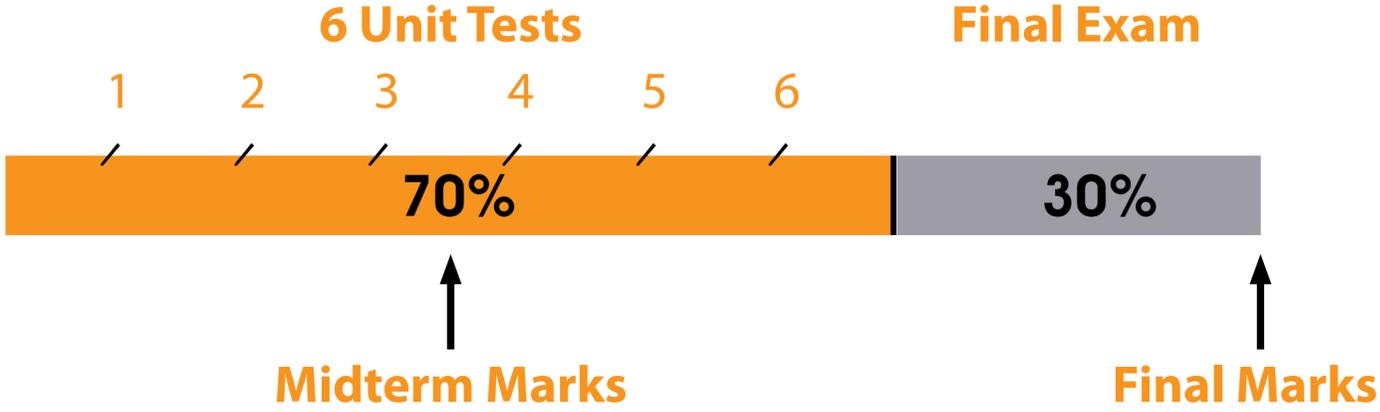

We explore and develop students hidden passions by offering many courses in diverse areas:

- Music
- Arts
- Drama
- Science
- Media

2 Lower Learning Pressure with a Balanced Performance Assessment System

We believe students should enjoy a balanced lifestyle at school and in residence. At Columbia, final marks for most courses are determined equally by:

- Coursework
- Test marks
- Final Assessments

Our Evaluation System offers better learning & less pressure on students at exams

3 Balanced Learning with Fun Activities at School & Residence

The Personalized Advantage

Bringing World Class Universities Closer

To help each student fulfill their dream of entering a top university, our University Placement Office (UPO) is staffed by 4 full time counsellors to help each student to succeed in gaining admissions and scholarship awards.

One-on-one help to student

UPO provides one-on-one university placement counselling until graduation. They are committed to helping students GO Higher by:

- Providing a knowledgeable and welcoming environment dedicated to assisting students with university applications and career planning
- Placing our students in worldclass universities and prestigious programs that best match their abilities, performance, and goals
- Advocating on behalf of students to maximize their scholarships and university placement opportunities

UPO counsellors ensure students' application to universities are properly prepared and submitted on time, eliminating all the worries of parents.

Course Selections Match Personal Interests

The Pre-University program is designed to be:

- student-centred
- matching each student's interest & strength

We encourage our students to follow their interests when selecting courses. We offer guidance to ensure their selections meet all university admission requirements. The availability of choices enables our students to truly engage with their studies, and thereby freeing them to grow, explore, and achieve their highest potential.

The Pre-University program offers flexibility in course selections

Character Building

Creating the Leaders of Tomorrow

Total Care Development® – Giving students opportunities to acquire strong leadership skills and become well-rounded responsible Global Citizens.

Regardless of ethnicity and background, parents nurture their child to grow up with Character and strong values. Columbia recognizes the importance of continuing this process as children come to study abroad at an age where Character and value formation are critical.

Dr. Marilyn Lambert-Drache
Associate Vice President, International
York University

“At York, we believe that, in addition to academic excellence, a student’s extracurricular, community service, and leadership activities demonstrate whether they have the essential character traits to succeed in York’s intensive academic environment, contribute to campus life, and become one of our distinguished alumni. We see these traits in Columbia graduates.”

Character Development

Our Character Building program is designed to help students build Character through leadership training and experiential enrichment in order to prepare them to excel in today’s competitive world. We have developed a multifaceted academic and experiential approach that supports students to reach their full potential.

Experiential Opportunities for Leadership & Character

We offer extensive opportunities for students to engage in leadership and Character enrichment outside the classroom. These after school fun activities also provide students with meaningful and healthy social interaction.

Leadership Enhanced with Character - Foundation for your child's success

Columbia is devoted to building Character in its students by teaching them key values that create responsible Global Citizens. Each month, a different Character trait is taught and incorporated inside and outside of the classroom. These traits are defined by our students and show their commitment to the principles of Character.

Respect

"We value ourselves, others and our new environment. We treat people the way we want to be treated; with courtesy and politeness."

Honesty and Integrity

"We are truthful and sincere with ourselves and others. We admit our mistakes."

Responsibility

"We can be trusted and follow through on all our commitments. We are accountable for all we say and do."

Peaceful and Positive Conflict Resolution

"We view conflict resolution as a positive experience. We believe that conflicts can be resolved positively by working in unity for outcomes that are fair for all."

Caring

"We demonstrate concern for ourselves and others. We show kindness towards each other."

Optimism

"We think, speak and act positively. We see challenges as opportunities. We have hope for the future."

Inclusiveness

"We work to build a community where everyone feels included and where differences and diversity are honoured."

Fairness

"We treat each other as we wish to be treated ourselves. We use and follow policies and procedures that apply equally to all."

Self-Confidence and Self-Advocacy

"We believe in ourselves. We are committed to meeting our goals and seeking help from others when necessary."

Perseverance

"We stick to our goals in spite of difficulties. We are committed to finish what we start to the best of our ability. We are determined to work hard."

Leadership Training

Nurturing Personal Growth

Training Starts From Day One

Leadership training begins during orientation as students are assessed based on their past experience, maturity level, willingness to learn, and ability to take risks. Students learn and develop their leadership skills through our innovative and progressive leadership opportunities described below.

Leadership Skills for Students

Our experienced staff provide ongoing training during student-driven events, activities, clubs, sports and leadership teams. Learning is also achieved through fun and games.

Topics for training include, but are not limited to:

- Leadership and Communication Styles
- Event Planning and Execution
- Personal Management
- Diversity
- Conflict Resolution
- Team Building
- Communication
- Goal Setting

Leadership Positions

Columbia's Leadership Program is implemented inside and outside the classroom. Leadership positions provide ample learning opportunities for students at all levels.

Columbia's Leadership Program is developed through:

- Classes
- Leadership positions
- Activities at Bark Lake
- Community service opportunities
- Club participation
- Athletic participation
- Special event organization
- Activities held in residence

- Leadership
- Personal and career development
- Organization
- Working with youth

Columbia's Bark Lake Leadership Centre

Committing Resources to Leadership

In order to maximize students' participation in experiential learning and leadership, Columbia invested in Bark Lake, a 700 acre private Leadership and Outdoor Education Centre.

In this safe and supportive environment, students step out of their comfort zone as they are challenged physically, socially and emotionally.

In Bark Lake's pristine environment, students acquire strong leadership skills and develop respect for nature, the environment, other creatures, and themselves.

Bark Lake, our own Leadership Training Centre provides field training in leadership and outdoor education.

Bark Lake

- Located in Haliburton County, Ontario
- 700 acres of pristine wilderness
- 4 year-round cabins sleep 124 people
- 9 seasonal cabins sleep 204 people
- Cafeteria serves fresh and delicious meals daily
- Indoor and outdoor meeting areas for group training
- Certified high ropes course

Adventure Excursion

Ecology and the environment: Each semester, Columbia's Outdoor Adventure Club offers a trip to all students. This trip focuses on developing basic leadership skills in addition to developing an awareness of the ecology of the pristine environment.

Leadership Retreat

Leadership and personal growth: At the beginning of each semester, students from Columbia's Executive Student Leadership Teams attend a four day leadership retreat. Students are challenged to develop their leadership skills and become a cohesive team through group games. When the students return to school, they put these skills into practice through their duties and responsibilities on their respective leadership teams.

Chris Vander Deen
Duke of Edinburgh Coordinator

“Students who have chosen to embark on this journey of personal development are amazed at the sense of accomplishment they gain from participating in the Duke of Ed. Award Program. It truly encourages personal growth and service that strengthens them as individuals and blesses those around them. From serving their community, staying physically active, developing a skill and accomplishing what seems impossible on an adventure journey in Canada's beautiful northern country, students discover that they can achieve great things with determination, desire and dedication. It's an experience they will not forget.”

Duke of Edinburgh's Award

The Duke of Edinburgh's Award is recognized and valued by employers and post-secondary institutions worldwide.

This program requires:

- Community Service (helping people in the community)
- Skills Development (covering almost any hobby, skill or interest)
- Physical Recreation (sport, dance and fitness)
- Adventure Journey (training, planning and completing a journey by Canoe, snow shoe or foot)

Committing to this program requires four hours each week plus one weekend away.

Duke of Edinburgh Excursion

Each year, students who are enrolled in the Bronze Level of the Duke of Edinburgh Program, participate in an Adventurous Journey at Bark Lake. In preparation for the journey several workshops will be completed to develop their leadership and survival skills, including First Aid, cooking, and hiking. Students will then participate in an overnight camping trip that they have planned, themselves.

January 4, 2016

Dear Mr. Chan

On behalf of all three campuses of the University of Toronto, I would like to extend to you our appreciation of your continuing support.

For the past number of years we have been pleased to welcome more Columbia International College graduates than from any other secondary school worldwide.

We are pleased to be part of the CIC University Partnership program. Each year the University recognizes 5 outstanding graduates through **The University of Toronto Future Leaders Admissions Scholarship**.

We look forward to continuing to enhance our partnership and welcome many more CIC graduates to the University of Toronto in the future.

Sincerely,

Ken Withers
Director, Office of Student Recruitment

“*There is no other school in Canada where we get more students, in any one year than Columbia International College. Over the past 4 years that I've looked back at the data, we've observed the success rate of Columbia students. Their graduation rate is higher than our regular students, which means they go from first*

year to fourth year faster than our regular students, and we are very, very pleased to see graduation rate data that is as successful as those.

Columbia graduates thrive here, they do well here, they're leaders here and we want more of them.”

For Students:

1 You can maximize your potential at Columbia

You can GO Higher[®] with our holistic Total Care Education System[®] and become better than you thought possible
